

# MyWave HR

At United Benefit Services, we continually look for innovative products and value-added services to ensure our customer's satisfaction. As a result, we are excited to introduce to you MyWave HR, an online Web site that combines efficiency with user-friendly tools that will streamline the everyday work tasks of today's human resources professional.

This service is designed with the HR professional in mind, offering the benefits and HR content and functionality you need. With this tool you can:

- β access an exclusive set of comprehensive guides full of federal legislation including COBRA, HIPAA, HIPAA Privacy, Section 125, and FMLA;
- β download materials including articles, brochures, forms, and charts covering a variety of industry-specific topics that can be sourced when you need them;
- β share resources and information with thousands of industry peers;
- β receive, download, and collaborate on documents with our agency;
- β access hundreds of insurance, human resource, and wellness Web sites, all from the convenience of your MyWave HR home page; and
- β provide comprehensive, health-related information, in ready-to-print newsletters to your employees helping them make smart and informed healthcare, consumer-related decisions.

And, if you become a client of United Benefit Services in coordination with the Massachusetts Hospital Association, this tool is provided to you at no additional cost!
